South Asian Global Intellectual Property Summit, 2024

The ***South Asian Global Intellectual Property Summit, 2024*** is a month-long virtual conference that unites experts, practitioners, students, researchers and IP enthusiasts from across South Asia and beyond. This landmark event, organised by the ***Centre for Development of Intellectual Property and Research***, *Naovina Development of Intellectual Property and Research Foundation* is a forum for exploring critical issues in Intellectual Property (IP) law, innovation, technology and cultural preservation. Through an engaging lineup of events, this summit aims to build bridges across countries, foster collaboration and drive forward-looking discussions on how IP can be leveraged to promote innovation and economic growth in the region. Spanning from ***25th November*** to ***25th December, 2024***, this summit will serve as a platform for interdisciplinary dialogue and collaboration. Participants will have the opportunity to engage in a variety of programs, including hackathons, webinars, guest lectures, paper presentations and competitive events, all focused on the latest trends and developments in the IP domain.

Objectives of the Summit

- To *promote awareness and understanding* of IPR across South Asia, emphasising its importance in fostering innovation and protecting creators.

- To *encourage cross-border collaboration* in IP law and innovation, creating a network of professionals and academics dedicated to advancing IP knowledge.

- To *provide practical solutions* to contemporary IP challenges through interactive sessions, competitions, and expert insights.

- To *highlight the role of IP* in economic development, cultural preservation, and technological innovation.

- To *offer professional growth opportunities* through skill-building activities, mentorship, and networking.

Participating Countries

The ***South Asian Global Intellectual Property Summit 2024*** proudly welcomes participants from the following South Asian countries and beyond. This diverse representation fosters a rich exchange of ideas, knowledge and best practices in the field of Intellectual Property (IP).

South Asian Countries:

1. India
2. Bangladesh
3. Nepal
4. Sri Lanka
5. Bhutan
6. Pakistan
7. Maldives
8. Afghanistan
9. Vietnam

Countries Beyond South Asia:

1. United States
2. United Kingdom
3. Australia
4. Germany
5. France
6. Japan
7. Singapore
8. United Arab Emirates
9. South Korea

Key Programs and Activities

1. HireVerse 1.0 - National Hackathon

The **HireVerse 1.0** national hackathon is designed to tackle critical challenges in Human Resources (HR) through AI-driven innovation. Participants will work in teams to create solutions for problems such as talent acquisition, employee engagement, workforce analytics and more. This hackathon is a unique opportunity for tech enthusiasts, HR professionals, and innovators to push the boundaries of AI applications in the HR space.

Key Focus Areas:

- Automating recruitment and onboarding

Centre for Development of Intellectual Property and Research
Naovina Development of Intellectual Property and Research Foundation
(*A Section 8 Non-profit Organisation registered under the Companies Act, 2013*)

- AI-driven employee engagement platforms
- Workforce trend analysis
- Ethical AI in HR solutions

2. National IP Competitions (India) - 2024

The South Asian Global Intellectual Property Summit, 2024 presents an exciting lineup of competitions designed to engage participants in real-world IP challenges. These competitions aim to develop essential IP-related skills, including case analysis, patent drafting, and brand identity creation through trademark design. With structured rules, rigorous evaluation criteria, and insightful learning opportunities, each competition is crafted to advance participants' IP knowledge and practical skills.

3. Guest Lectures by International Experts

The guest lecture series will bring together leading voices in IP law, technology and business. Experts from around the world will share insights into current trends and future directions in IP. The lectures will cover a wide range of topics, including international IP frameworks, the impact of AI on IP law and the role of IP in sustainable development.

Highlights:

- Intellectual Property Rights in the Digital Economy
- Navigating IP frameworks in cross-border trade
- Sustainable development and the role of Geographical Indications (GIs)

4. Webinars

Interactive webinars will dive deeper into specialised IP topics, offering insights and practical knowledge in areas of current interest.

Themes Include:

- Emerging Trends in Intellectual Property Law
- IP protection for traditional knowledge and geographical indications
- IP for Startups and SMEs: Protecting and scaling innovation
